

EAGLE COLLECTION

SERIOUSLY SAFE
SERIOUSLY AFFORDABLE

BATA INDUSTRIALS
THE SAFETY SHOE

GIANT STEP IN AFFORDABLE SAFETY FOOTWEAR

Our new collection has landed: with the EAGLE collection we take a giant step forward in affordable safety footwear. This unique collection is designed to deliver the highest safety, comfort and design at the most competitive price.

A NEW STANDARD IN COMFORT

The level of comfort is unprecedented in this price range. Besides the light weight – a pair of EAGLE's is around 100 grams lighter than its predecessor – the new (PU foamed) OrthoLite footbed provides a comfortable and soft feel. This, combined with a lower density PU outsole, maximizes stability and grip. Along with the innovative flex technology and excellent shock absorption, these shoes meet your expectations in every way.

THE COLLECTION

The EAGLE collection features a variety of shoe types. Each pair has the new developed outsole featuring the Easy Rolling System® and the ingenious Tunnelsystem®, as well as a premium footbed. The uppers are made from the best upper material and the design of the shoe is modest but trendy.

Designed to match the high standards, the EAGLE collection delivers the kind of safety and performance at a price that is unmatched in the industry.

European assortment

INTREPID S3

- > Upper of Action leather/abrasion resistant PU toecap
- > Eyelets from metal
- > Steel penetration resistant insert
- > Steel toecap
- > Breathable mesh lining
- > Dual density PU-sole
- > Footbed (from PU foamed) OrthoLite
- > Width W
- > Size range: W 35-49
- > Uk size range: 2-14 (including 6.5 and 9.5)

SHEPARD S3

- > Upper of Action leather/abrasion resistant PU toecap
- > Eyelets from metal
- > Steel penetration resistant insert
- > Steel toecap
- > Breathable mesh lining
- > Dual density PU-sole
- > Footbed (from PU foamed) OrthoLite
- > Width W
- > Size range: W 35-49
- > Uk size range: 2-14 (including 6.5 and 9.5)

FALCON S1 ESD

- > Upper of suede leather
- > Velcro closing
- > Steel toecap
- > Breathable mesh lining
- > Dual density PU-sole
- > Footbed (from PU foamed) OrthoLite
- > Width W
- > Sizes: 35-49
- > Uk size range: 2-14 (including 6.5 and 9.5)

THE NAME EAGLE

EAGLE is the name of the most famous spacecraft (lander) that allowed the Apollo 11 commander Neil Armstrong to land on the Moon. Within the Apollo program there were nine spacecrafts and six of them landed on the Moon. Each shoe model in our EAGLE collection is named after one of the spacecrafts or their commanders.

International assortment

ANTARIS S3

- > Upper of Action leather/abrasion resistant PU toecap
- > Eyelet: webbing and metal
- > Steel penetration resistant insert
- > Breathable mesh lining
- > Dual density PU-sole
- > Footbed (from PU foamed) OrthoLite
- > Width W
- > Size range: W 35-49
- > Uk size range: 2-14 (including 6.5 and 9.5)

CONRAD S3

- > Upper of Action leather/abrasion resistant PU toecap
- > Eyelet: webbing and metal
- > Steel penetration resistant insert
- > Steel toecap
- > Breathable mesh lining
- > Dual density PU-sole
- > Footbed (from PU foamed) OrthoLite
- > Width W
- > Size range: W 35-49
- > Uk size range: 2-14 (including 6.5 and 9.5)

Easy Rolling System®

DETAILS MAKE THE DIFFERENCE

For the EAGLE collection we use a lower density PU outsole with a lighter weight with good SRC slip resistance. To prevent feet becoming tired we use in the outsole the Easy Rolling System®, a subtle adaptation with major consequences. By pre-forming the front of the foot the natural motion of the foot is supported in an optimum way. The effect of this is energy saving and comfort increasing. It is details of this kind which make the difference on the work floor.

Tunnelsystem®

Beside this subtle adaptation we use the ingenious Tunnelsystem®, which we developed with the renowned prof. dr. W. Baumann, professor in biomechanics. This recognisable notch in the heel (the tunnel) can deform when it comes down, to spread the pressure over a larger surface area. This built-in shock absorber thus spares the joints and keeps the wearer upright. By spreading the load, it also gives the heel extra stability. This prevents tiredness, loss of concentration and hence a great many accidents.

All this, together with the OrthoLite footbed, the EAGLE offers maximum comfort and shock absorption while, at the same time, keeps your feet cool, dry and healthy.

SERIOUSLY.
